

## **Socrates Announces Partnership with TechBrainiacs**

**December 10<sup>th</sup>, 2018, Las Vegas, Nevada** – Education Revolution, LLC, the creator of the award-winning Socrates Learning Platform, today announced a new strategic partnership with Las Vegas-based technology education company, TechBrainiacs. The two companies offer complementary solutions and will work together to help provide education to children of Nevada.

“The Socrates learning platform fits well with our goal of promoting computer science and electronics to students,” stated Jeremy Bruner, Founder of TechBrainiacs. “The Socrates platform is fun and engaging and has been greatly appreciated by teachers and students. We look forward to working with Education Revolution to provide great events and courses for kids in Nevada.”

“I was first introduced to Jeremy when my own son took one of his amazing classes. TechBrainiacs provides great courses that kids enjoy and help them to learn valuable computer skills,” stated Brian G. Rosenberg, Education Revolution’s Chief Executive Officer. “Every child can benefit from learning about how computers work and the concepts of coding, and their classes make those concepts fun. We are looking forward to partnering with them to expand our solutions in the community.”

### ***About Education Revolution, LLC***

Education Revolution, LLC is rapidly becoming a leader in online education with its award-winning Socrates Learning Platform. The Platform is already being used in elementary and middle schools and the range of educational content provided is steadily growing. Socrates includes a unique dynamic learning engine that adjusts the content to precisely match the learning needs of each student, resulting in students learning up to three times faster. The National Science Foundation awarded Socrates with a grant in recognition of its unique innovation and significant societal benefit. [www.withsocrates.com](http://www.withsocrates.com)

### ***About TechBrainiacs***

TechBrainiacs aims to promote learning in the fields of Computer Science and Electronics, as well as to foster digital literacy in a world ever more dependent upon technology. To that end, TechBrainiacs strives to provide students with tools and knowledge they can use to build their understanding of the fundamentals of Computer Science. The classes are designed to bolster creativity and promote self-learning. Above all else, TechBrainiacs strives to inspire the next generation of Computer Scientists and to prepare students to be creators, and not just consumers, of computers and other electronics.
